THIS IS UNEVALUATED INFORMATION

SOURCE

1. Negotiations are still under way between the Russians and Zeiss personnel concerning the isotope separator [REDACTED].
2. Work is to start shortly on the following types of research and equipment:
 - a. Infrared research for night-fighting equipment, especially tanks.
 - b. Altitude meters for airplanes.
 - c. Geological survey equipment to be used from high altitude planes.
3. Negotiations are also at present in progress for the production of gyroscopes by the Zeiss firm which is reluctant to undertake the project since it is considered too great a financial risk.
